

DATA COMMUNICATION

-2024 GIT SEMINAR DAY 01-

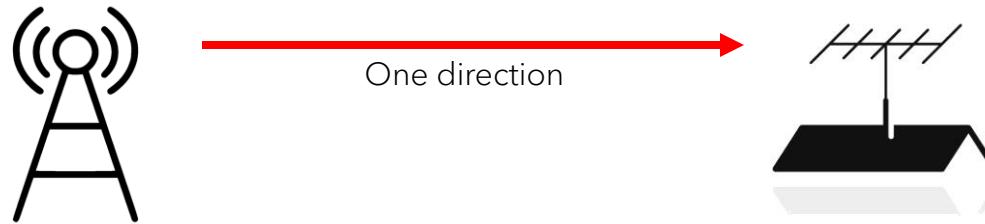

- **Basic Components in Data Communication**

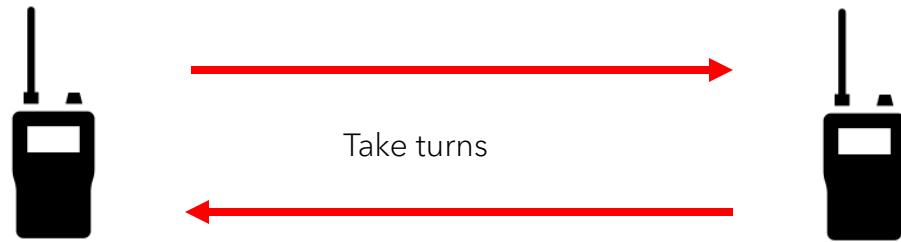

- **Data Transmission Modes**

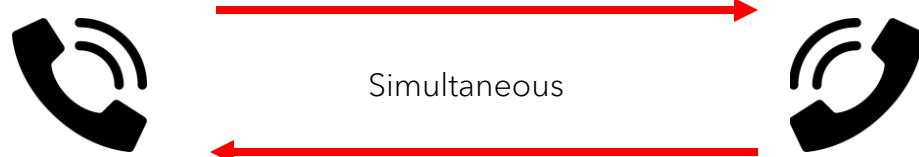

1. **Simplex Mode**

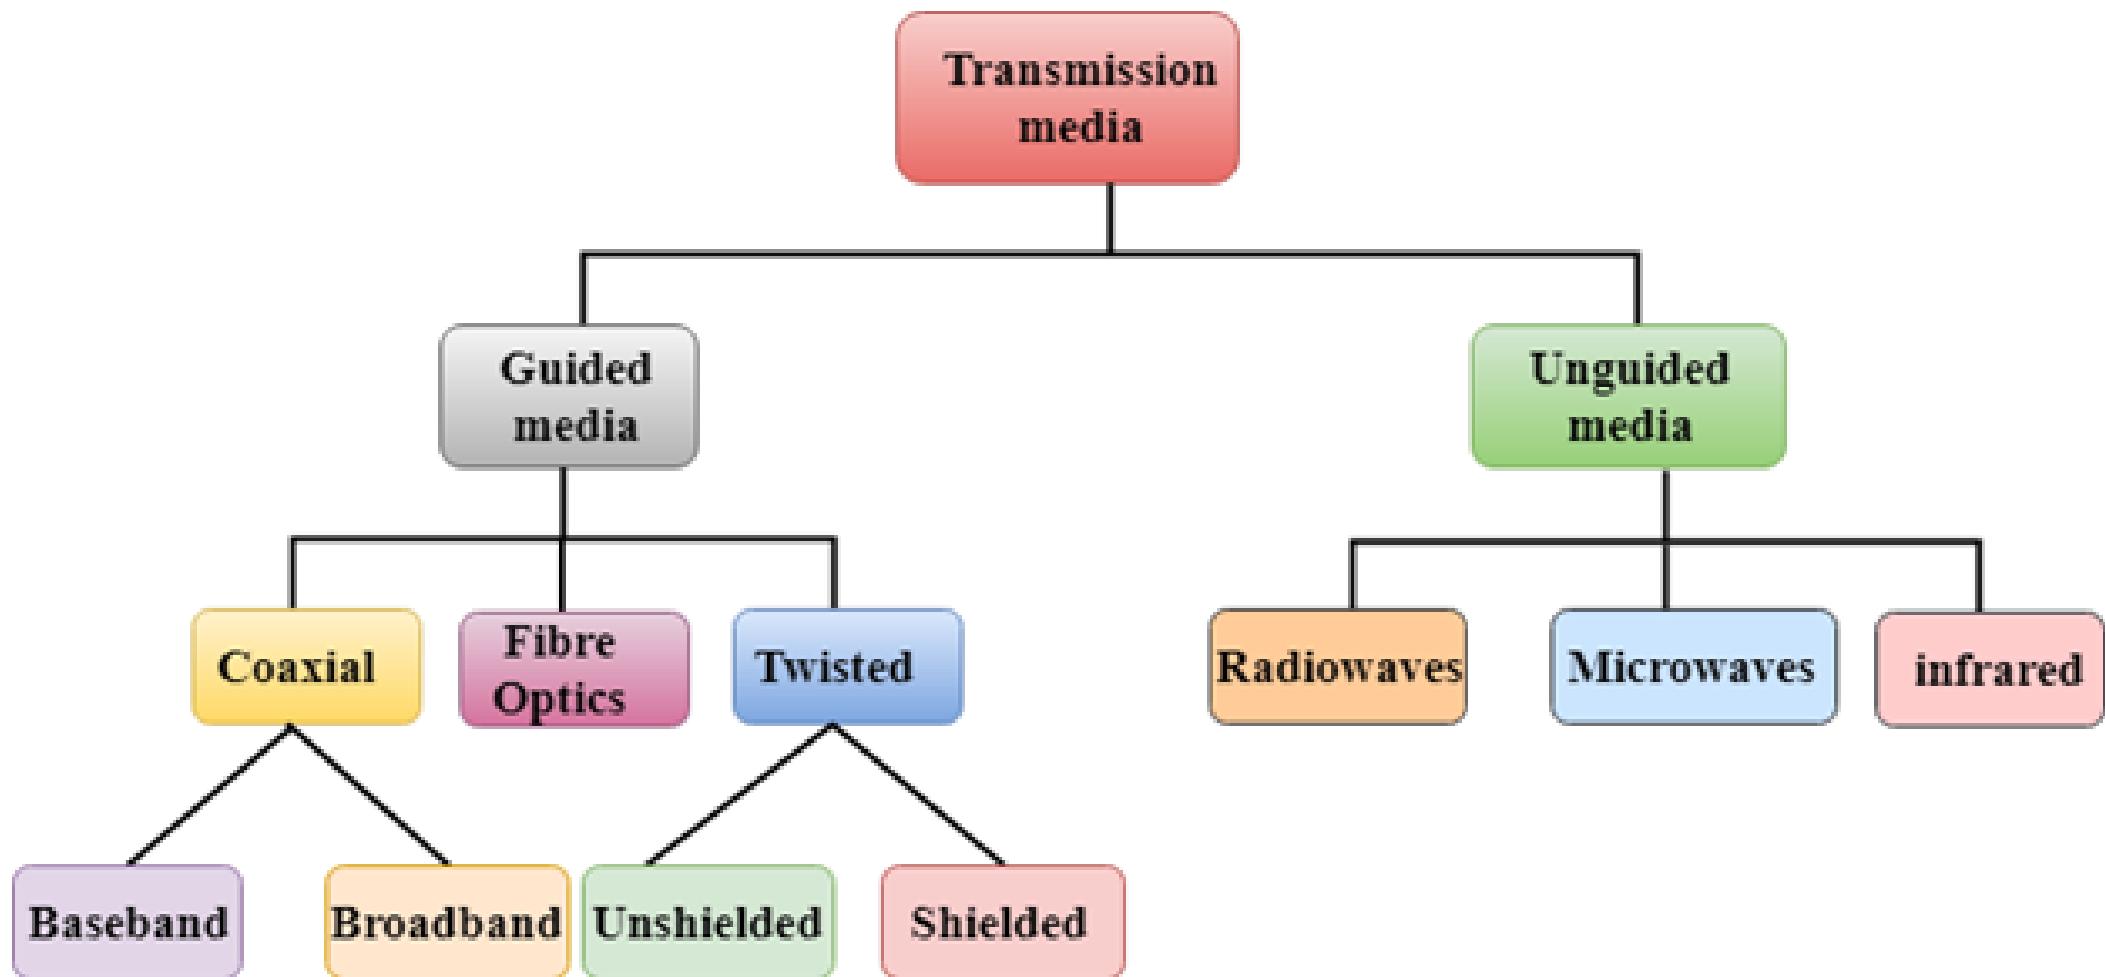

2. **Half-Duplex Mode**

3. **Full-Duplex Mode**

- **Data Transmission Media**

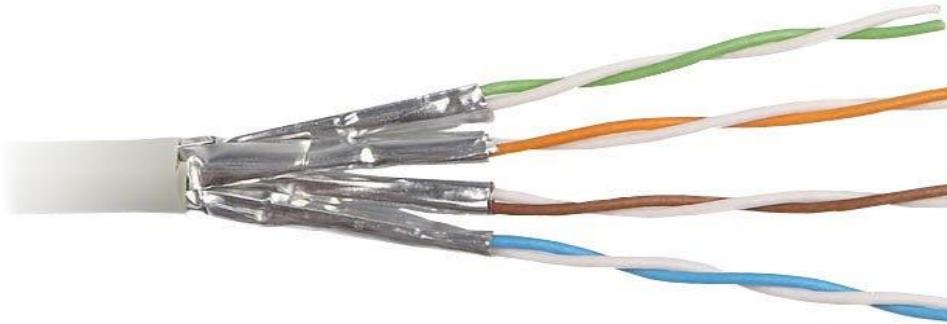

Picture 2.1

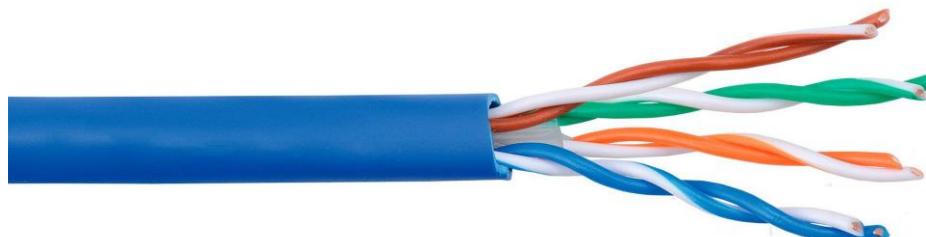

Guided Media

1. Twisted Pair

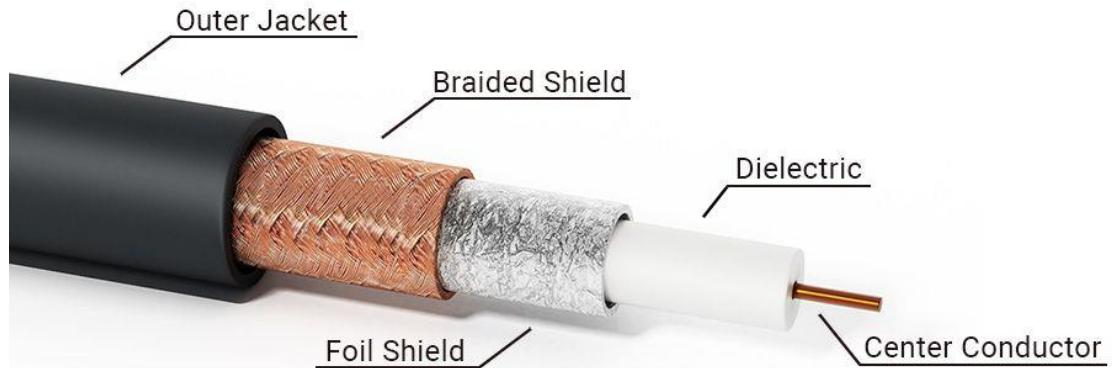

- **Shielded twisted pair (STP)**

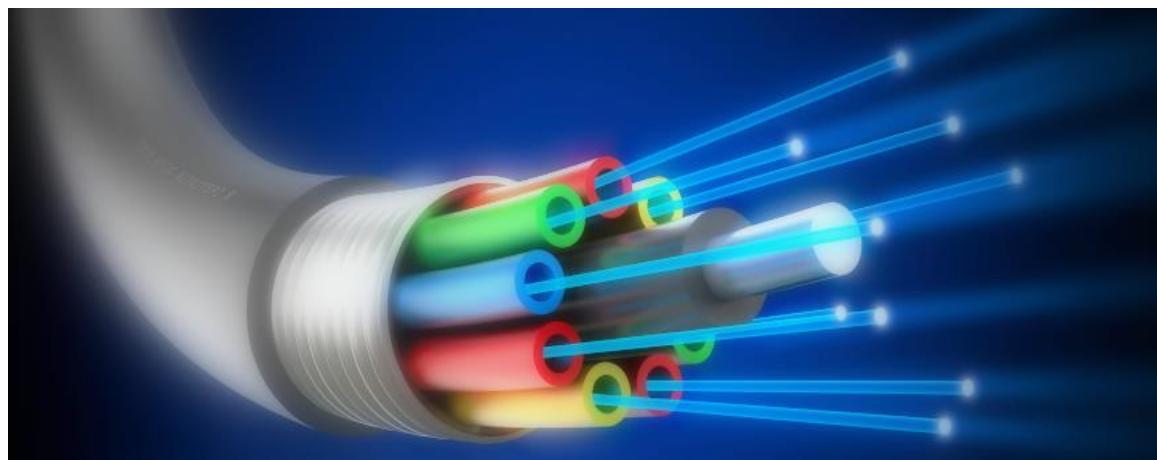

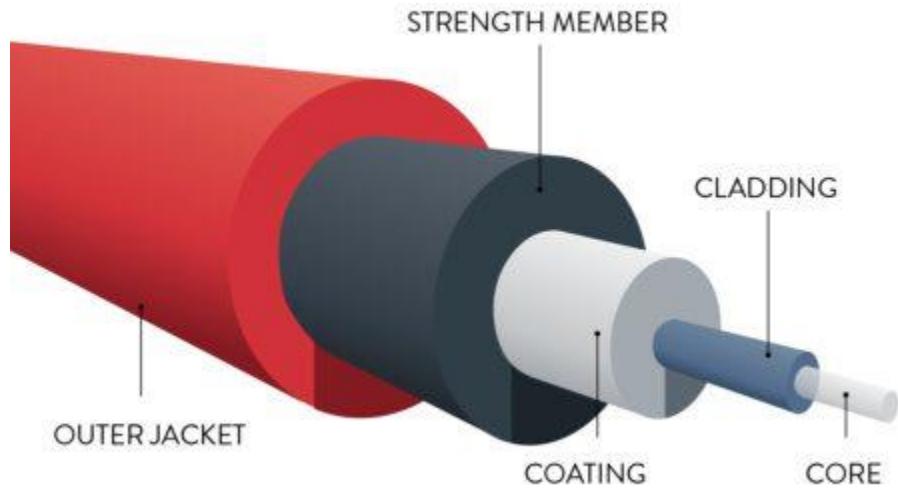

- **Unshielded twisted pair (UTP)**

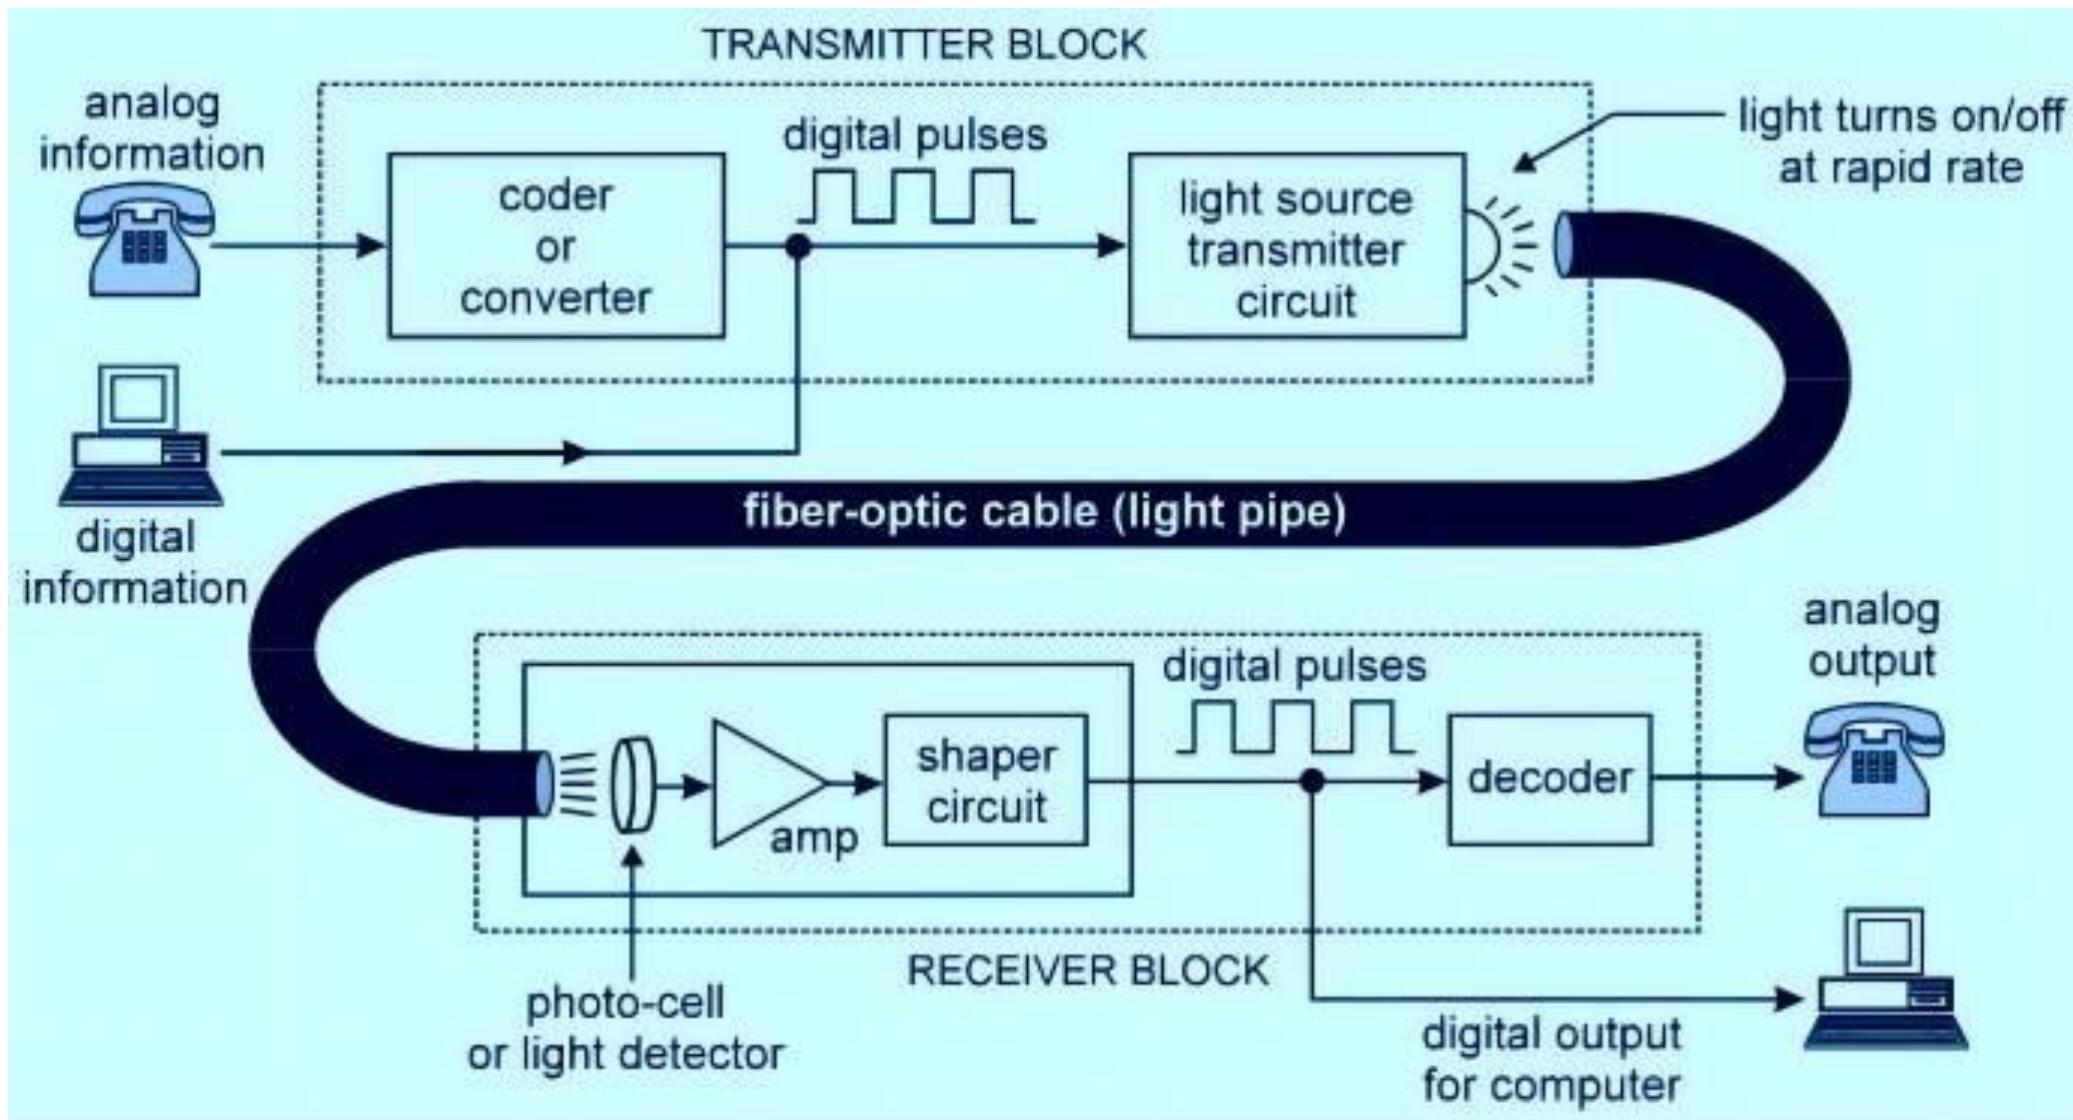

2. Coaxial Cable

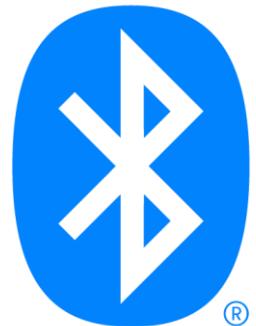

3. Fiber Optic Cable

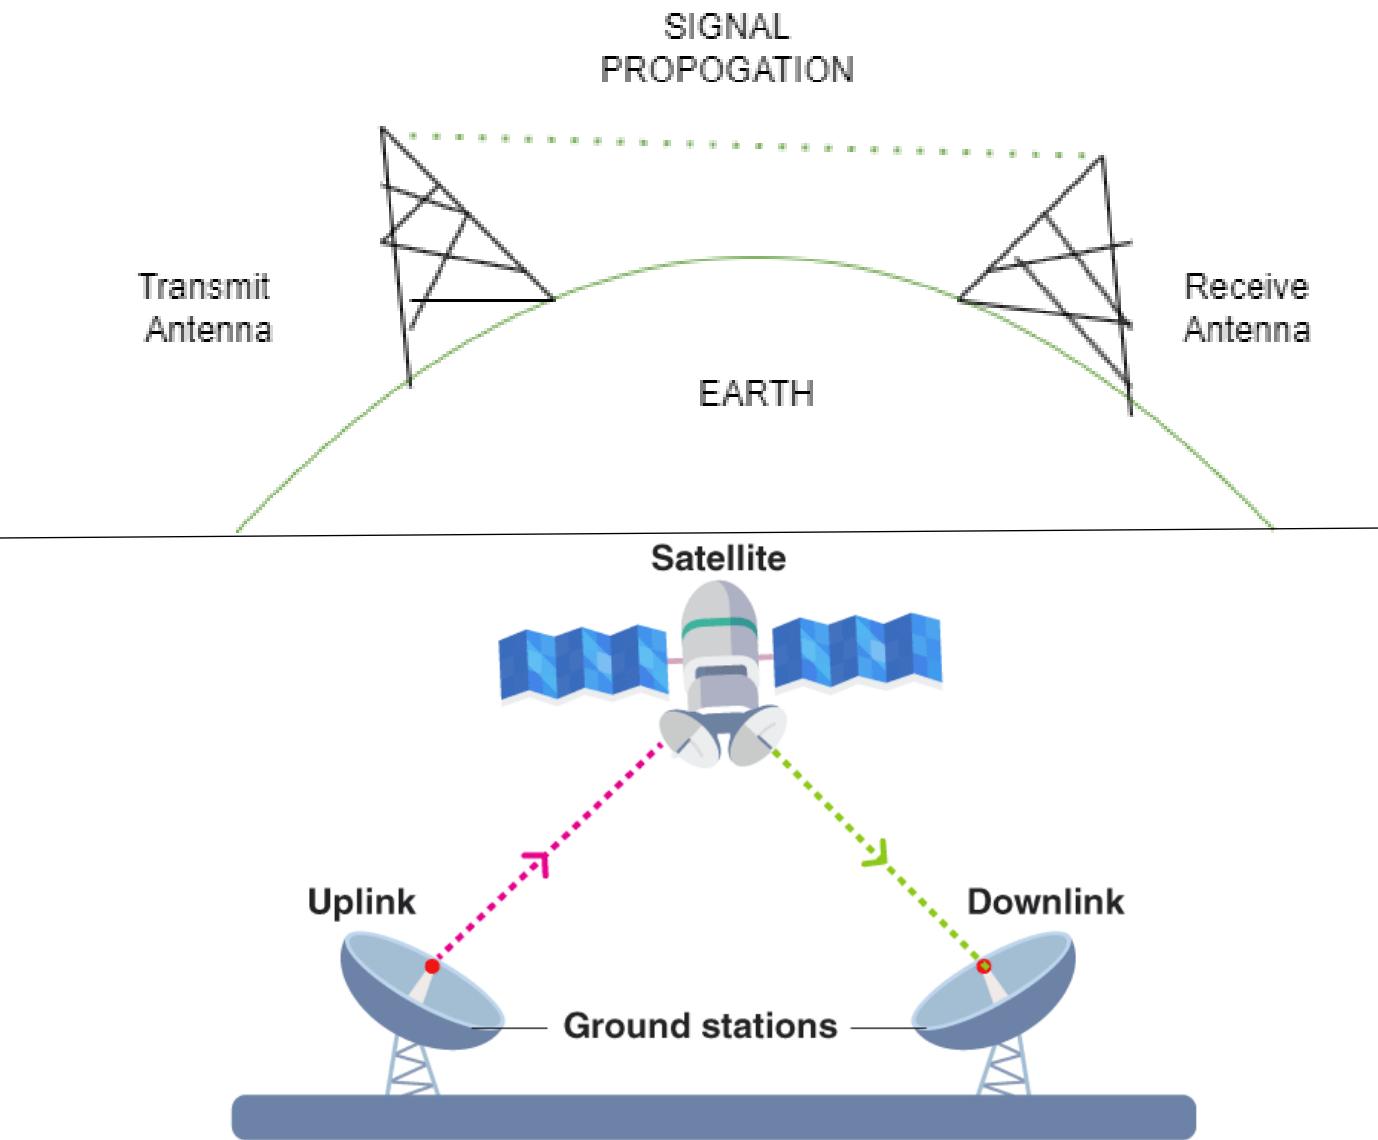

Unguided Media

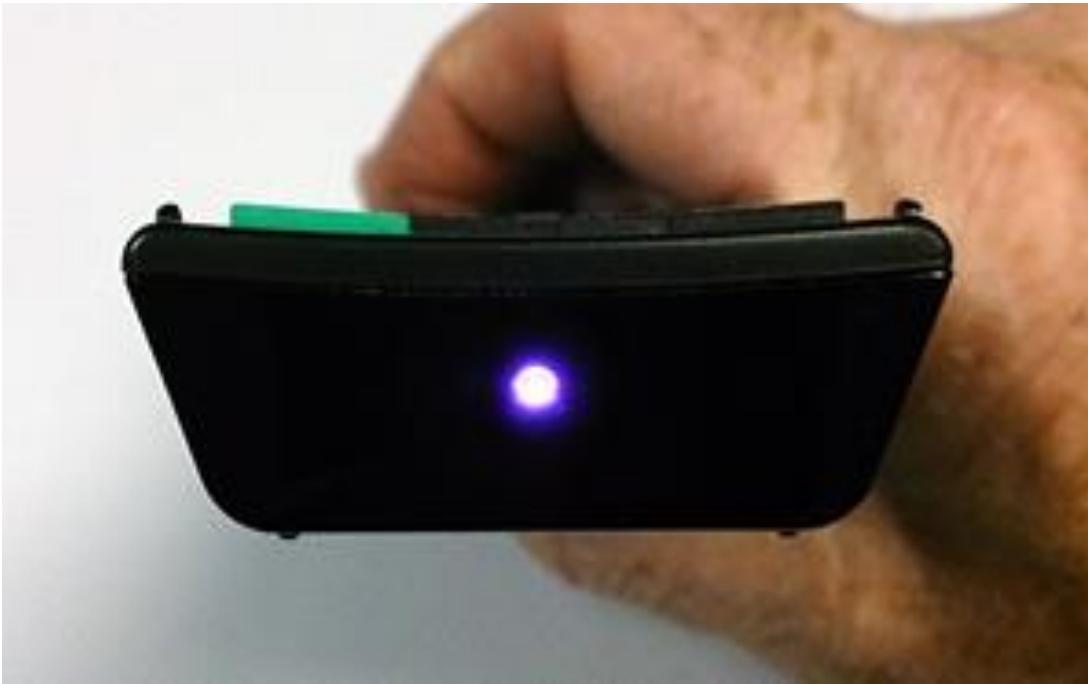

1. Radio Waves

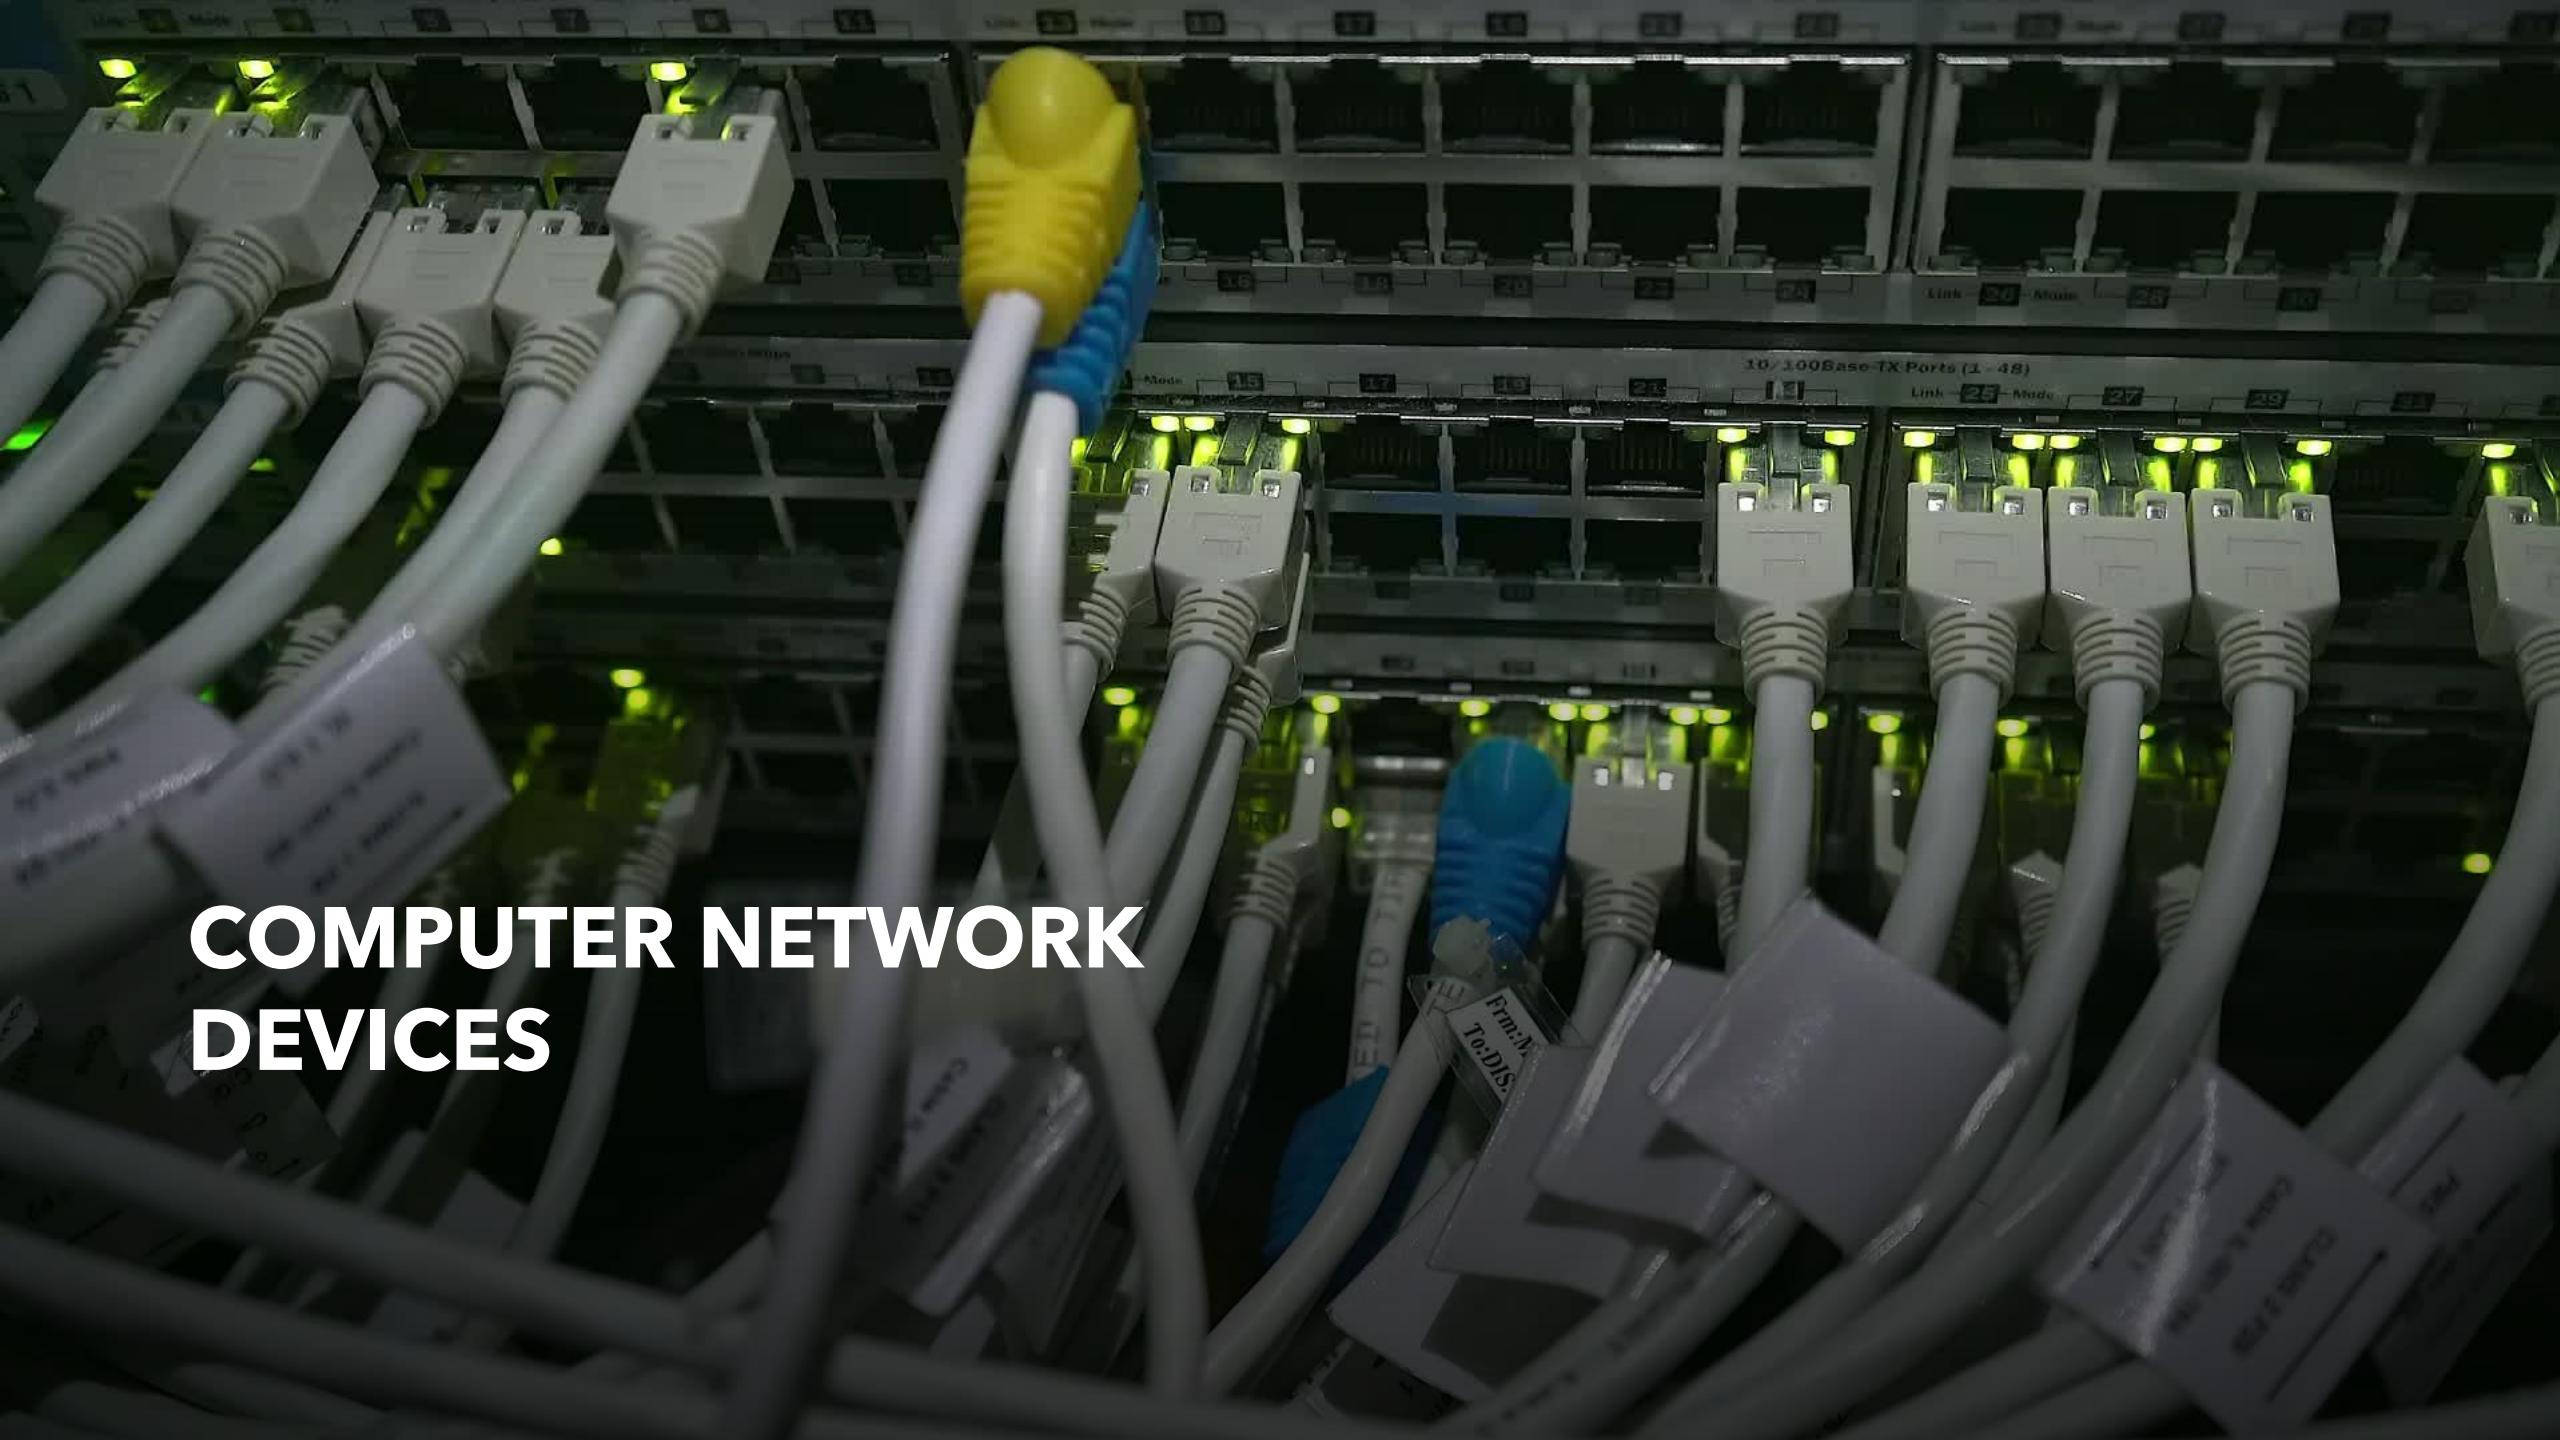

2. Microwaves

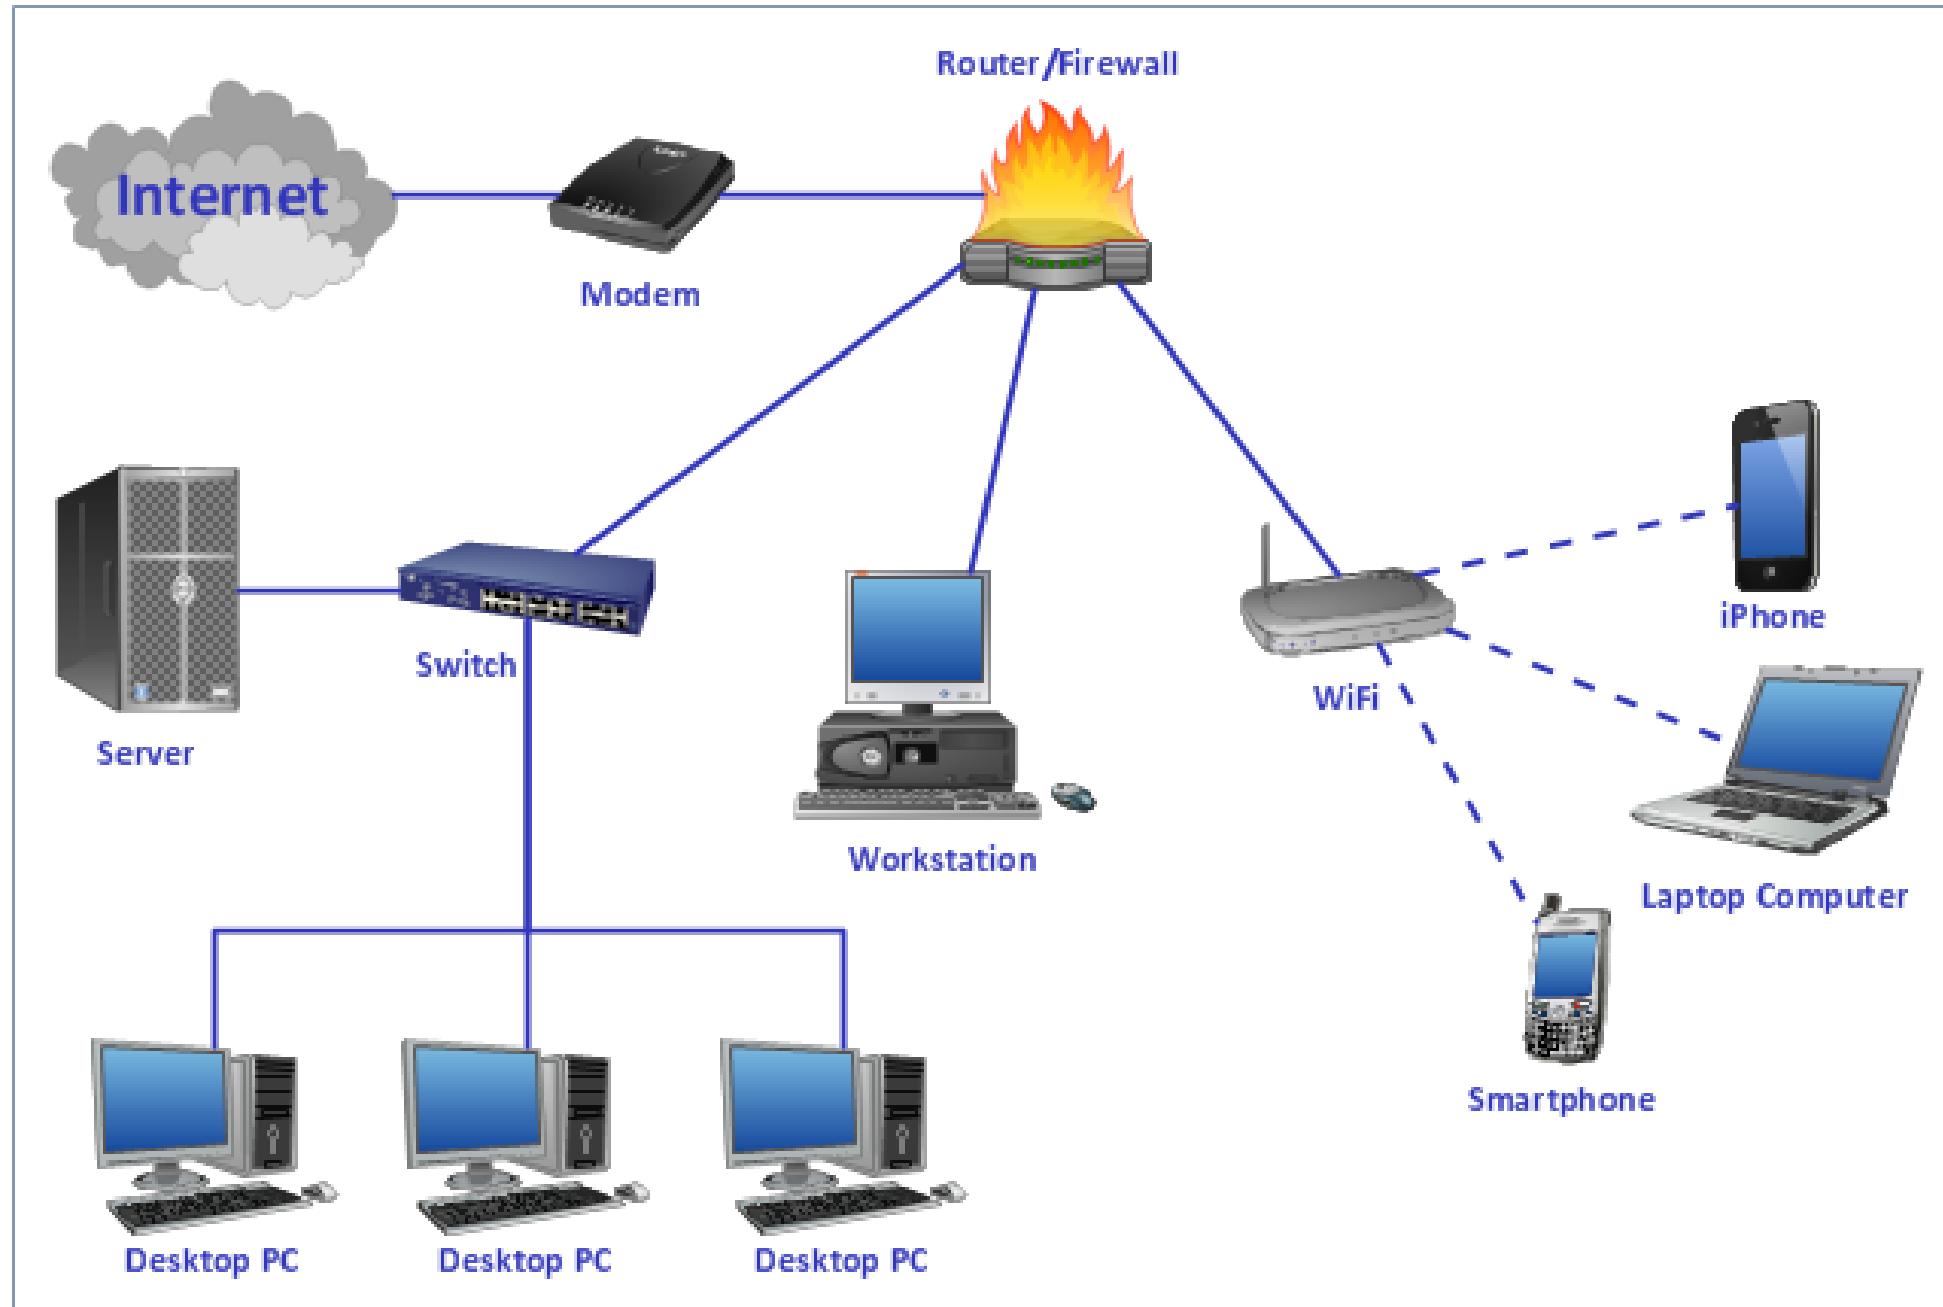

3. Infrared (IR)

COMPUTER NETWORK DEVICES

COMPUTER NETWORK

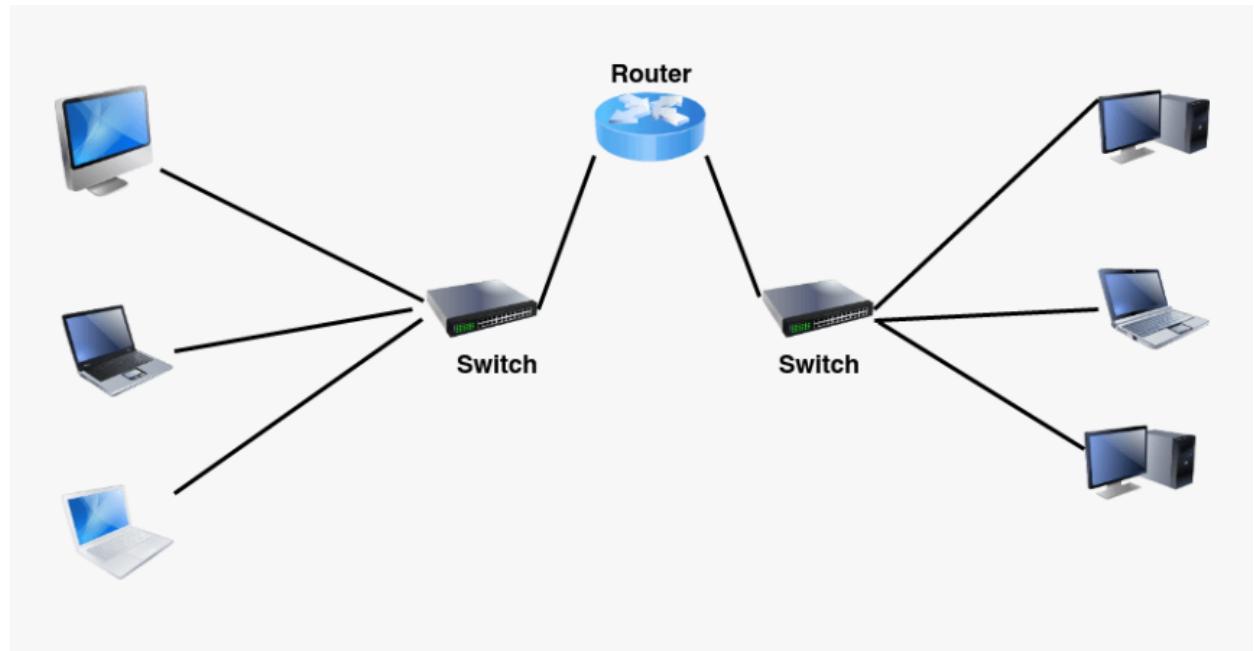

- **Network HUB**

- **Network Switch**

- **Router**

- **Modem**

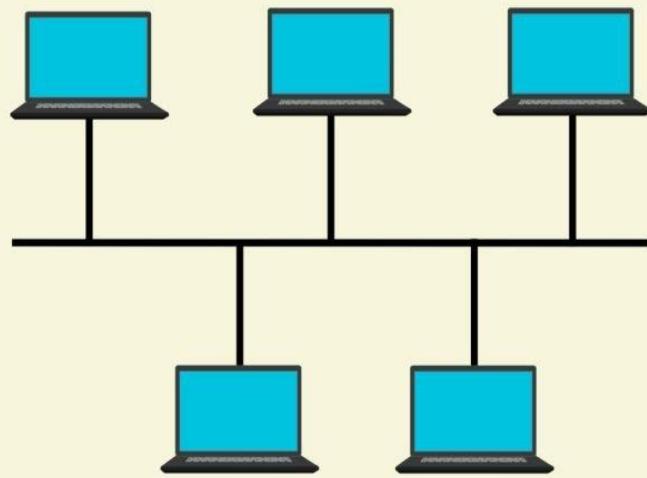

- **Network Interface Card (NIC)**

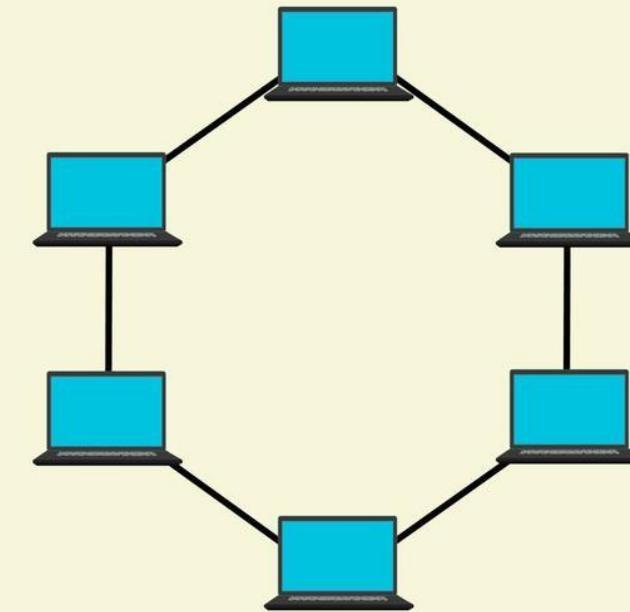

A grayscale background image of a molecular or network structure. It consists of numerous small, reflective spheres connected by thin, dark lines, creating a complex web of points and lines.
